

Ed Faraone

Curriculum Vitae

Summary

I am the Co-Founder and I serve as the President & CEO of Green World Solutions, LLC ("GWS"). GWS focuses on Development and Consultation services for Sustainable Solutions within the Renewable Energy Industry.

I am also a Founding Member and former Managing Director with the Global Federation for Sustainable Development in the United Kingdom, prior to resigning my position in 2016. The company remains active today, however GFSD is in what appears to be a downward spiral.

Prior to these roles, I worked for an International Telecommunications Company, where he served as a Chief Consultant in the Florida region for their Energy Management Division where I worked directly with companies to reduce energy costs utilizing advanced technologies with State-Of-The-Art IP Technology and Innovative Wireless Energy Management Devices. I also worked with Vitane Pharmaceuticals as a Regional Director for several years bringing an increase in market share across my region every successive year I was employed with the company.

In addition, I served for 10 years as a combat flight nurse (18D) in the United States Army where he received an honorable discharge as a disabled veteran following his active duty service. I currently reside in the Tampa Bay region of Florida with my lovely wife of 7 years, where I very much enjoy participating in many of the outdoor activities that Tampa Bay and the surrounding areas have to offer.

Experience

Co-Founder, President & CEO at Green World Solutions Group September 2010 - Present (9 years)

I am a Co- Founder and proudly serve as the President and CEO for Green World Solutions Group, LLC. "GWS" is a well-positioned American-based, Renewable Energy development firm that brings many years of knowledge from the Renewable sector of industry together. Green World Solutions Group, LLC upholds a sustainability-based business model. Through our business activities, GWS promotes the use of clean renewable energies and efficient resource management. The GWS vision, mission and values reflect an unwavering commitment to economic and social progress, contributing at the same time to conservation of the environment and respect for fundamental rights.

The operations of Green World Solutions continuously encourage environmentally-responsible conduct and performance as a way to halt climate crisis and thereby laying the true foundations for future development intended for everyone.

GWS is led by a team of knowledgeable professionals, entrepreneurs and consultants with years of experience in Renewable Energy. GWS has formed strategic partnerships with Renewable Technology providers to facilitate the most efficient, cost effective and proven solutions available today.

Green World Solutions Group, LLC can scale and properly advise and develop a Renewable Energy project on any level that will meet the end user needs. The world is dependent on Energy, which is why we have a strong background and presence within the Renewable Energy sector from Solar, Wind, Hydroelectric, Geothermal and a special interest in Waste to Energy and Waste to Fuel.

"We recognize that no two projects are the same, therefore you receive a custom-tailored service every time".

Co- Founder & Managing Partner at The Global Federation for Sustainable Development October 2013 - June 2016 (2 years 9 months)

The Global Federation for Sustainable Development (FSD) is a group of companies that have come together to bring their area of expertise under one umbrella for one goal, Sustainable Development on a global scale. We work with Governments globally to secure their countries future, with a clean energy approach and sustainable infrastructure. I am a Founding Member and former Managing Director with the FSD in the United Kingdom, prior to resigning my position in June 2016.

Green World Solutions Group, LLC ("GWS", LLC) is a limited liability company registered within Florida, United States. Registered number: L10000099298.

Pharmaceutical Regional Director with Vitane Pharmaceuticals January 2001- November 2010 (9 years, 10 months)

Responsibilities included, Directing the implementation of sales plans and objectives at a regional level. In this position, I coordinated and planned actionable targets in cooperation with Sales Directors and the Head of Sales. Among my additional responsibilities were implementing field representation and incentive programs.

Additional Responsibilities included Training, coaching and supervising Regional Managers, Recruiting, interviewing and hiring RSMs as needed. Achieving sales and activity goals for designated products. Directing and implementing Sales and Bonus plans and objectives Offering field perspectives for departmental (e.g. marketing) initiatives. Ensuring high visibility and accessibility e.g. at field days for regional sales associates; participation in regional meetings. Forecasting, planning and implementing the regional budget and managing its implementation Nurturing team spirit and motivation - to vigorously strengthen Vitane's competitive position, by using high impact, targeted verbal and written communications. Managing the deployment and alignment of the sales force. Providing input for the field compensation program. Ensuring that all regional associates in the Region comply with Vitane policies and practices.

18D/ Special Forces Flight Nurse, United States Army October 1990 - November 2000 (10 years 2 months)

I was stationed across the globe, while on active duty. I entered the US Army as a Combat Medic (91B) and continued my civilian education and went on to AIT (advanced individual training) at Fort Sam Houston. I then attended the Special Operations Preparation Course (SOPC), in Fort Bragg, followed by Special Forces Assessment and Selection (SFAS), Special Forces Qualification Course (SFQC). As an 18D, I was required to attend the 37-week Special Operations Combat Medic course before the "Q" Course. I then attended Live Environment Training (LET). I thoroughly enjoyed my experience in the military and was proud to serve my nation. I had a very fulfilling military career and was honorably discharged as a disabled veteran following my stellar years of service to our Country.
